

2024 Summer release is here!

Adding more power to the real virtual

Webinar data

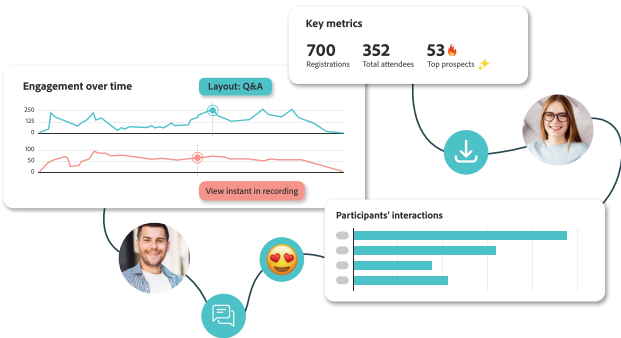

Engagement over time

Actionable insights

90% Highly engaged

Key metrics

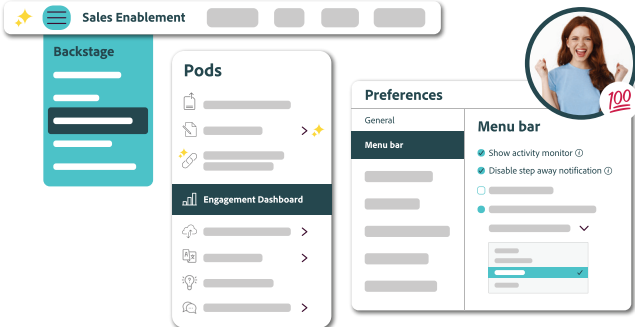

Participant name	Engagement level	Duration attended	Polls answered
Walsh Green	High 🔥	90 mins	03

New Event Analytics dashboard

Turn engagement data into actionable insights

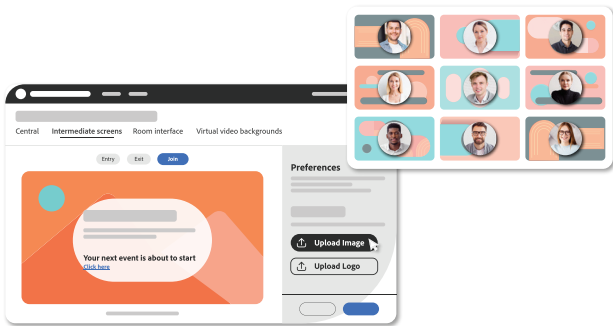

Identify high-intent prospects with an advanced engagement scoring algorithm, for precise targeting and improved webinar conversions. Gain analytics driven feedback on content and layouts that drove high engagement.

New intuitive interface

Fast track to results with new intuitive interface

Seamlessly navigate controls and set up sessions using the reorganized menu and interface focusing on accessibility and discoverability of most-used features.

Custom logos, backgrounds, and lobby screens

Maximize brand impact with customization

Upload custom logos and virtual backgrounds, create customized entry, exit, and waiting screens easily, using a refreshed user interface.

Our journey so far

 2024 Spring

Enhanced Quiz pods

New native Quiz pod with bulk import/export, new question types, assessments, and gamification.

Broadcast control

Discrete backstage collaboration until the presenters take the session live.

Recording transcription enabled

Automated transcripts with speaker diarization, time stamps, and interactive navigability, viewing, and editing capabilities.

Improved Breakouts

Join Breakout rooms with both VOIP and phone for audio. Closed captions in the main room and Breakout rooms.

 2023 Releases

Usability improvements

Contextual guidance for easy adoption of powerful capabilities. Simplified login and exit experience.

Breakouts self-select

An option for participants to choose their preferred break-out rooms.

Re-imagined homepage

Instant 360° view into your trainings, events, and calendar.

Upgraded webinar templates

Modern, responsive, and customizable templates for stunning event pages & emails.

Next-generation audio-video

Full HD video (1080p) and audio with automatic noise cancellation & echo reduction. Up to 50 video feeds with Single Speaker & Spotlight Speaker modes.
