

HOLIDAY KIT

INSTRUCTIONS

GAME/BINGO:

Remember how to socialize with extended family? Neither do we! So we've created Bonding Bingo to fill those awkward pauses and keep your entertaining entertaining! Just use the Edit PDF tool in Adobe Acrobat DC to enter your loved ones' names on the relevant squares. Tick the box in the bingo square when someone at your shindig does any of these things. When you hit bingo, everyone wins!

RECIPE:

Acrobat is known for many things, but knowing Grandma's secret latke recipe isn't one of them! So this year, we're helping you "gift" all of those incredible recipes that have been down for generations. Just use the Edit PDF tool to type in the ingredients and steps, and snap a photo with your phone. You've now got a professional and delectable gift ready to share this season.

COCKTAIL CARD:

Keep your loved ones "hydrated" long after the party wraps up with this take-home card. Use the Edit PDF tool to fill out your cocktail card with your favorite drink recipe.

INVITE:

Send an invite to a meeting that people will actually want to attend — your holiday party! Dust off those face-to-face skills, or video chat it up. Just use the Edit PDF tool to fill in the party details. Then choose Save As Image to get a stellar invite ready to post on your social channels.

THANK YOU NOTE:

A good gift merits a good thank you note. Now it's never been easier to write from the heart and show gratitude. Follow our writing prompts and use the Fill & Sign tool in Acrobat to write a sweet message. Just don't forget to delete the writing tips.

CONTRACT:

Nothing says "I care" more than binding legal documents. But seriously, gift contracts are the perfect way to gift your loved ones novel experiences, the completion of chores, or the fulfillment of freshly laundered socks for three whole months! Use the Fill & Sign tool to write about what you promise to do and sign on the dotted line. Gift cards are so 2020.

ANNUAL REPORT:

2021 has been a year. Give your loved ones a literal download on your family's key 2021 metrics. Use the Edit PDF tool to enter funny quips and details about what you've done this year. Don't forget to include the YOY growth percentage of your toddler. Share and send via emails or Save As Image to create a sweet recap you can instantly post to social media.
